Children's Center of the Stanford Community

The Children's Center of the Stanford Community has been an important resource and support for Stanford families for the past 40 years. CCSC has paved the way for many children over the years. It is without a doubt that CCSC has been a fundamental building block in the lives of children, families and staff.

The Children's Center of the Stanford Community invites you to join in making our "Gathering Place" a beautiful tribute to the children, families, teachers and community members who make CCSC such a wonderful place. You may order a brick in honor of your child, your child's teacher, their classroom or your entire experience at CCSC.

With your contribution, you can commemorate your experience at CCSC for many years to come. Your custom commemorative brick, to be placed in the entrance of the school, will serve as a remembrance of your time as a part of our community! It will be a permanent icon of your family's contribution.

The bricks are engraved using state of the art laser technology. Their beauty and durability will create a lasting impression. Not only can you leave your child's name, but if you would like to, you may have your child's drawing or signature on our walkway! You'll be able to bring your family and friends to see your personalized brick for years to come.

This will be our first installation of bricks. If you choose to order your personalized brick before August 6th, your brick will be installed prior to the dedication of "The Gathering Place" scheduled for this fall. Bricks ordered after our initial installation may require a slightly higher donation, but our goal is to keep them affordable so that all CCSC families, staff and community members can participate!

For a visual preview, see sample bricks in the office or go to the images on CCSC's website: www.stanford.edu/group/CCSC.

Order your personalized brick today!
